Scr. No. 10/673,707

REMARKS

Claims 1-6 and 8-16 remain in this application. Claim 7 is previously cancelled. Claims 2 and 9 are amended herein to address matters of form unrelated to substantive patentability issues.

The present amendments are necessary for correction of typographic errors to insure proper disclosure of the invention.

The proposed amended claims do not require further search because the amendments are formal in nature and do not affect the substantive content of the claims.

Ser. No. 10/673,707

The above amendments were not presented earlier because the oversights
were only discovered upon final review prior to payment of the issue fee.

Respectfully submitted,
